Dear Dr. Lederberg:

I'm writing in behalf of a really fine fairly new organization named "Living with Cancer", a self-help group consisting of young men and women who are cancer patients (mostly at Memorial Sloan-Kettering Cancer Center or New York Hospital.) It was founded six years ago to offer supportive measures to each other by having monthly meetings at which lectures are given on subjects related to cancer, such as nutrition, the Pain Clinic at Memorial, etc. They have a miniscule budget and desperately need a room they can use as an office where they can have their volunteer staff get out their monthly newsletter and meeting announcement and telephone activities (including an answering service.)

I spoke to our friend John Zabriskie just now and he suggested I write you.

They had had a tiny room in Fordham University (Lincoln Center branch) and this has been quite difficult and inadequate.

Can you possibly help? Call me if you prefer or I can get one of their officers to go see you. Their monthly meetings are held at Marymount College on East 71st Street--about 50 to 80 attending.

Your cooperation would mean so much.

Sincerely yours,
